The Miracle of Milk Drink Your Way to Health

By drinking from that font from which issues the white waters of

youth, health and strength-

that the liberal drinking of milk will keep anyone well, give renewed energy, greater resstance to disease, a cleaner complexion and a better feeling of bodily comfort, than any spring tonic or blood purifier ever

compounded. Gov. Frank O. Lowden of Illinois pays this beautifully expressed

"The cow is a most wonderful laboratory. She takes the grasses of the pasture and the roughage of the field, and converts them into the most perfect food for men. In that food there is a mysterious something which scientists have found essential to the highest health of the human race and which can be found nowhere else. Men have sought for centuries the fabled fountain of youth; the nearest approach to that

fountain which has yet been discovered is the udder of the cow." Don't wait until you are ordered to a sanatorium or a preventorium to learn that you must consume a liberal quantity of milk. Don't wait until the physician orders milk. Use it now. If you don't like it, you can learn to like it, and you will soon be convinced of the
